HAPi Place Launches on facebook

HAPi Golf announced today that the company has launched HAPi Place, a social networking site for its golf community on facebook. HAPi Place is envisioned to become a global 19th hole for golfers of all ages to hang out, mingle and share a passion for golf. "HAPi Place will hopefully appeal to the good people that support our brand and mission to teach the next generation of golfers a

great game", said HAPi Golf's founder Andrew S. Hunt. "We will actively seek the collective wisdom of our community to ensure the company stays on course as we continue to grow". Besides providing the opportunity to brag, I mean 'share' photos of your trip to Pebble Beach with old and new golf buddies, HAPi Place members will enjoy perks ranging from discounts on HAPi gear to VIP

access to future HAPi Tour events. The company will take advantage of the networking tools included on the HAPi Place site to make announcements, advertise new brand products, recruit volunteers for upcoming events and as a sound board for the HAPi Golf community.

Go ahead and join, the price is right!

Drink Your HAPi Juice...

HAPi Juice is actually the popular MonaVie, a delicious and energizing blend of the Brazilian Acai berry - one of nature's top super foods and 18 other nutrient-dense fruits. MonaVie is an organic juice that de-

livers the phytonutrients and antioxidants you need to maintain a healthy and active lifestyle. In addition to the Acai berry, MonaVie products also contain white grape, pear, pear puree, purple grape, cranberry,

prune, kiwi, blueberry, bilberry, camu camu, wolfberry, pomegranate, and lychee fruit.

And HAPi Juice tastes great... it also makes me feel warm and fuzzy inside. I highly recommend it.
